## ISIB is BridgeBuilding Contributor of 2022 Eurovent Summit

**Brussels, Ankara, 18 August 2022. The Turkish HVACR Exporters' Association (ISIB) has become an official BridgeBuilding Contributor (sponsor) of the 2022 Eurovent Summit taking place from 25 to 28 October in Antalya, Türkiye.**

[Turkish HVACR Exporters' Association](#) (ISIB) is a coordinator and the only exporter association in the Turkish HVACR sector. Established in 2012, ISIB works towards bringing together all the export companies active in the Turkish HVACR sector under one roof and increasing the export potential of the sector. ISIB continues to work towards ensuring the HVACR sector is more competitive and renowned in the world stage by researching and targeting the promotion of Turkish HVACR sector abroad.

Mr Mehmet Hakki Sanal, Chairman of ISIB, will provide a short introduction presentation about the association's member portal [www.members.isib.org.tr](http://www.members.isib.org.tr), which allows its members to conduct product, company and HS code searches. In this regard he stated: "ISIB has embraced a mission to properly represent our sector on every platform. Our efforts are informed by the expectations and targets of our members. In doing so, we have emerged and created our members' user-friendly portal to provide them with the specific information required in the order of companies and products searched". In relation to the Summit, he further stated: "hosting the Summit in Türkiye is strategic, as it is a cornerstone for building bridges between various specialists involved in HVACR. Türkiye is a powerful actor in domestic and foreign markets and is developing in production with high added value, R&D, export and an increasing qualified labour force."

This year's **EUROVENTSUMMIT** is co-organised with [ISKID](#), the Turkish Air Conditioning and Refrigeration Manufacturers' Association. It aims at **#BuildingBridges** between manufacturers and consultants, planners, installers, trade associations and policymakers between Europe, the East and beyond, toward more sustainable and circular products and a more socially and environmentally responsible industry.

Highlights include the [Eurovent Innovation/HUB](#) focused on the link between innovation and sustainability, a high-level policy panel presenting visions for the future of product efficiency from different stakeholders, a special honorary event 'Legends of Eurovent', a panel discussion on the future of industry exhibitions in the post-pandemic world, and a parallel seminar programme organised by [ISKID](#) and [TTMD](#) (in English and Turkish). Tickets for the 2022 **EUROVENTSUMMIT** can now be purchased at [www.eurovent-summit.eu](http://www.eurovent-summit.eu). Hotel rooms at the dedicated Summit Akra Hotel are available on a first-come, first-serve basis via [this link](#).

## About Eurovent

Eurovent is Europe's Industry Association for Indoor Climate (HVAC), Process Cooling, and Food Cold Chain Technologies. Its members from throughout Europe represent more than 1.000 organisations, the majority small and medium-sized manufacturers. Based on objective and verifiable data, these account for a combined annual turnover of more than 30bn EUR, employing around 150.000 people within the association's geographic area. This makes Eurovent one of the largest cross-regional industry committees of its kind. The organisation's activities are based on highly valued democratic decision-making principles, ensuring a level playing field for the entire industry independent from organisation sizes or membership fees.

## Our Member Associations

Our Member Associations are major national sector associations from Europe that represent manufacturers in the area of Indoor Climate (HVAC), Process Cooling, Food Cold Chain, and Industrial Ventilation technologies.

The more than 1.000 manufacturers within our network (Eurovent 'Affiliated Manufacturers' and 'Corresponding Members') are represented in Eurovent activities in a democratic and transparent manner.
