New Eurovent PG-CT Chairman and Vice-Chairman

Brussels, 14 February 2023. During the meeting of the Eurovent Product Group ‘Evaporative Cooling Equipment’ (PG-CT) on 27 October 2022 at the Eurovent Summit in Antalya, the participants elected Laurent Petiot as Chairman and Ulf Bergmann as Vice-Chairman of the Group.

Laurent Petiot, General Manager France Benelux Maghreb at Baltimore Aircoil Company, was elected as the new Chairman of the Product Group during its meeting last year in Antalya at the Eurovent Summit. He has extensive experience in Eurovent and has been involved in heat transfer equipment within the cooling tower industry for more than 30 years. Laurent will be supported by the newly elected Vice-Chairman of the Product Group, Ulf Bergmann, General Manager Sales and Marketing at GOHL-KTK GmbH.

The new Chairman, Laurent Petiot, stated: “With the advent of new technological systems, we have noticed that our world is changing with a mix of sustainability and an increasing demand, which definitely leads to a strong commitment, innovation and demonstration of the high contribution that evaporative cooling can offer to the world. Eurovent is the ideal platform and association to gather the skills of the cooling tower industry. The contribution of the members, gathered in a single point will continue to offer the best of the profession.”

The Eurovent Product Group ‘Evaporative Cooling Equipment’ covers Wet Cooling Towers, Open Circuit Towers, Fluid Coolers, Closed Circuit Towers, Evaporative Condensers, Hybrid Models and components related to these products (e.g. Fans and Drift Eliminators). It is the main working group dedicated to Cooling Tower manufacturers.

About Eurovent

Eurovent is Europe's Industry Association for Indoor Climate (HVAC), Process Cooling, and Food Cold Chain Technologies. Its members from throughout Europe represent more than 1.000 organisations, the majority small and medium-sized manufacturers. Based on objective and verifiable data, these account for a combined annual turnover of more than 30bn EUR, employing around 150.000 people within the association's geographic area. This makes Eurovent one of the largest cross-regional industry committees of its kind. The organisation's activities are based on highly valued democratic decision-making principles, ensuring a level playing field for the entire industry independent from organisation sizes or membership fees.

Our Member Associations

Our Member Associations are major national sector associations from Europe that represent manufacturers in the area of Indoor Climate (HVAC), Process Cooling, Food Cold Chain, and Industrial Ventilation technologies.

The more than 1.000 manufacturers within our network (Eurovent 'Affiliated Manufacturers' and 'Corresponding Members') are represented in Eurovent activities in a democratic and transparent manner.
