Eurovent welcomes first member from North Macedonia

Brussels, Bitola, 08 November 2022. Eurovent welcomes ERI Corporation, an energy recovery ventilation system and heat exchanger manufacturer as its newest Corresponding Member. The first-ever member originating in North Macedonia further expands the association's footprint throughout Europe.

ERI Corporation is a North Macedonian manufacturer of modern heat-exchange equipment for air conditioning and ventilation systems. With offices in North Macedonia, it has also expanded its scope in The United Kingdom and Ireland to provide support for its customers in the region. It has established global partnerships for greater outreach with several distributors and agents in different countries globally. As a modern company in energy saving technology, ERI Corporation has been involved in the introduction of Antibacterial treatment and the latest-generation of the Adiabatic cooling station.

Mr Bojan Mitrovski, Quality Manager at ERI Corporation, mentioned: "ERI has grown rapidly in recent years due to our focus on customer satisfaction and awareness of market and legislation requirements. Closer collaboration with Eurovent will ensure we remain one of the leading technically focused companies within our industry."

Is your organisation interested in becoming a member of our globally known industry association? All relevant information is available at www.eurovent.eu. In case of any questions, contact the Eurovent Team via secretariat@eurovent.eu.

About Eurovent

Eurovent is Europe's Industry Association for Indoor Climate (HVAC), Process Cooling, and Food Cold Chain Technologies. Its members from throughout Europe represent more than 1.000 organisations, the majority small and medium-sized manufacturers. Based on objective and verifiable data, these account for a combined annual turnover of more than 30bn EUR, employing around 150.000 people within the association's geographic area. This makes Eurovent one of the largest cross-regional industry committees of its kind. The organisation's activities are based on highly valued democratic decision-making principles, ensuring a level playing field for the entire industry independent from organisation sizes or membership fees.

Our Member Associations

Our Member Associations are major national sector associations from Europe that represent manufacturers in the area of Indoor Climate (HVAC), Process Cooling, Food Cold Chain, and Industrial Ventilation technologies.

The more than 1.000 manufacturers within our network (Eurovent 'Affiliated Manufacturers' and 'Corresponding Members') are represented in Eurovent activities in a democratic and transparent manner.
